- Use the decorative stitches already programmed on your machine to create lusciously seductive braid, absolutely bursting with colour, texture and style!
- Be bold and audacious with your colours, or be seductive and tantalizing by using a magnificent monochromatic palette. Think red on red, blue on blue or white on white. Tres élégant!
- Why stop there? What about adding even more texture with bedazzling beads, sequins or hand embroidery using art threads?
- Once you gain confidence in this technique, give your imagination free-reign to experiment.
- No more boring braid, ever!
- Your bespoke braid may be used on garments, homewares, cushions, millinery and in visual art.

Techniques: Decorative stitching, Free machine embroidery, hand beading, hand embroidery.
